Risk Disclosure Statements

Risk Disclosure Statements for General Investment Products

- The above information is a general summary and for reference only, and it is neither a recommendation, an offer, nor a solicitation for any investment product or service. Investors should note that all investment involves risks. Prices of investment products may go up as well as down and may even become valueless. Past performance is not an indication of future performance. Investors should read carefully the offering documents and the relevant Risk Disclosure Statement before making any investment decision. You should carefully consider whether any investment product or service mentioned herein is appropriate for you in view of your personal circumstances and should seek independent professional advice if necessary.
- The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.
- For product information details, please refer to the product materials or consult our staff.
- Investment Profile Analysis provided by the Bank is intended to help the customers to understand their risk tolerance level and investment needs. The Bank accepts no responsibility or liability as to the accuracy or completeness of the information or recommendation given. Nothing in this Investment Profile Analysis or result shall constitute or be regarded as constituting a recommendation, offer or solicitation to buy or sell investment products.
- The Bank distributes the fund product for the fund houses and the fund product is a product of the fund houses but not that of the Bank. In respect of an eligible dispute (as defined in the Terms of Reference for the Financial Dispute Resolution Centre in relation to the Financial Dispute Resolution Scheme) arising between the Bank and the customer out of the selling process or processing of the related transaction, the Bank is required to enter into a Financial Dispute Resolution Scheme process with the customer; however any dispute over the contractual terms of the fund product should be resolved directly between the fund house and the customer.

Risk Disclosure Statements for Investment Products Involving Derivatives

- Currency Linked Deposit (including Deposit EXTRA) and Equity Linked Investment are structured investment products involving derivatives. Some Investment Funds may also involve derivatives. The investment decision is yours but you should not invest in the product unless the intermediary who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives.
- Currency Linked Deposit (including Deposit EXTRA) is not principal protected and is not equivalent to and should not be treated as substitute for an ordinary time deposit; it is not protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.

Risk Disclosure Statements for Foreign Currency and RMB

- Foreign currency investments are subject to exchange rate fluctuations which may involve risks. The fluctuation in the exchange rate of foreign currency may make a gain or loss in the event that customer converts the foreign currency into Hong Kong dollar or other foreign currencies.
- Foreign currency rates of exchange may adversely affect the value, price or income of any security or related investment. Investors are urged to consider the tax consequences before making an investment and should seek tax advice based on their particular circumstances from an independent tax professional. This document does not purport to identify all the risks that may be involved in the related investments. Before making investment decision, investors should read and understand the offering documents of such products, including but not restricted on the risk disclosure statement and health warning.
- RMB is subject to exchange rate risk and is currently not freely convertible. Conversion of RMB or provision of RMB services through banks in Hong Kong is subject to relevant RMB policies, other restriction and regulatory requirements in Hong Kong. No prior notice will be given for any changes which may be made from time to time.
- RMB products are subject to the risk of exchange rate fluctuation. The fluctuation in the RMB exchange rate may result in profits or losses in the event that customer converts RMB into HKD or other foreign currencies.
